

Dear PSI-24 Participants,

We hope that all of you and your family are safe in this terrible COVID-19 situation.

We have two important announcements:

1) As you may have noticed, the COVID-19 situation is getting worse, and some countries including Korea have the second (even third) wave of the infection. Borders are starting to be closed again. After a long discussion among PSI-24 PC members, we have decided to go for a virtual conference in January, 2021.

Sessions will be organized as follows: The PSI-24 virtual conference will be from Jan 25 until Jan 29. Each day, the conference starts at 21:30 in SEOUL/TOKYO until 02:00. Please understand that the time table below was the best compromise solution for participants from whole world.

There will be no tutorial session on Sunday, Jan. 24.

All oral talk schedules will be reallocated into 5-day 4.5H schedule, and all oral sessions will be remote sessions by using Zoom.

1. PSI-24 PC has decided to use **pre-recorded videos** of each talk, so that speakers do not have difficulties delivering their talks due to the time difference (not too early in the morning, not too late in the evening).
2. Schedule for all talks will be shortened (**Review** 40 min to **35 min** including 5 min Q&A, **invited talks** 30 min to **25 min** including 5 min Q&A, **Oral talks** 20 min to **15 min** including 3 min Q&A).

- All oral speakers are kindly requested to make own pre-recorded video and upload it no later than **Jan. 17**. Upload instruction will be given shortly on the PSI-24 web site.
- Pre-recorded videos will be release as a Zoom webinar, sequentially as in the agenda.
- To compensate the loss of Q&A time, we will provide a message board to each talk for further questions and discussions.

All oral sessions will be password-protected and only registered participants can enter.

- For the security reason, password of the zoom session will be changed every day. For the registered participants, email invitations to the Zoom sessions will be provided.
